A Little Survey

Here are just a few questions so I can get to know you and so you can get practice submitting an assignment in Canvas. For each question, insert your answer underneath. Make sure each answer is at the minimum a complete sentence with correctly spelled words and correct puncuation.

A short history of you.

Where did you attend High School, and did you graduate? Compare english class to math, is one easier for you than the other? Finally which subject did you do the best in? Your answer should have at least two sentences devoted to each question.

I attended and graduated at Lancaster Highschool. I just completed highschool graduating in 2025. I believe that english was easier than math. Although I believe that english was easier than math I still think that I am capable of completing and maybe even excelling in math courses. I believe I did best in english. English was my favorite subject therefore, I feel as if I put the most effort in there.

Your computer and your and its capability?

For this class you need a computer you can use at home. So, what kind is it (windows, Apple, Linux)? On a scale of 1 to 10, where 1 is a total dummy (doesn't know a mouse from a keyboard) and 10 is a complete geek

(knows computer stuff in and out) How do you rate yourself? You also need to have have internet access. How is your connection to the internet where you live?

my answer

I have a windows computer at home. i would rate myself a seven in terms of computer knowledge and experience. The connection to the internet where I live is great.

Others and You?

What name do you prefer to be called by your classmates and instructor, if your buddys call you something but you want people in the class to call you something else - what would that be?

my answer

My first name, Aetan (pronounced A-ten), is just fine.

Aspirations?

What do you want to achieve in life? What college subject do you think would be of the greatest interest to you? What degree or certificate are you trying to achieve?

my answer

I want to live a stable and comfortable life with a family. I want to major in psychology and attain at minimum and masters degree although I am considering pursuing a doctorate degree

Past adventures?

Have you ever gone to foreign countries, if so which ones, if not Where might you go in the future? Have you ever been in the military, if so which branch, if not which branch would you choose if you got drafted, and why?

my answer

I have not yet been to foreign countries. I would love to visit Iceland. If I were to get drafted I would like to go to the air force because I have numerous friends in the field or pursuing the field so the air force is the branch I am most familiar with.

Why are you taking Statistics?

Did you take Math 115 or Math 116 ? Did you know Math 115 only satisfies a general education requirement but that Math 116 counts as taking statistics in several transfer institutions??
What grade do you need to attain in stats to not upset your future plans, What is your plan?
